2. Vision and values

In line with the Code of Practice (2015) and the Children and Families Act (2014), St. Faith and St. Martin C.E. Junior School is committed to the following key principles:

- All pupils with SEND must have their needs routinely met
- Early identification and early intervention are essential for ensuring better outcomes for pupils
- Raising the achievement of pupils with SEND is a whole school responsibility
- All pupils are encouraged and supported to be active partners in the decision making about their education
- Active, respectful involvement of parents/carers as equal partners in the education of their child has a positive impact on the learning and well-being of their child
- All pupils with SEND should have the opportunity to learn alongside their mainstream peers in a fully inclusive environment
- All pupils benefit from 'Quality First Teaching': this means that all teachers are expected to assess, plan and teach all children at a level which allows them to progress
- Collaborative working with external partners and services is essential to ensure we effectively meet pupil need
- Effective transition arrangements must be in place across all phases of education (and indeed into adult life) to ensure positive outcomes for the pupil and their family
- Resources allocated to SEND must be effectively used to secure maximum impact and value for money
- Systems for monitoring and evaluating developments in SEND support improvement in pupil's learning and provide appropriate challenge.

Our vision is:

- To identify, at the earliest possible opportunity, barriers to learning and participation for all pupils and make an early, accurate identification of those who may have SEND
- To work in partnership with parents/carers

3. Legislation and guidance

This is based on the statutory Special Educational Needs and Disability (SEND) Code of Practice and the following legislation:

- Part 3 of the Children and Families Act 2014, which sets out schools' responsibilities for pupils with SEND
- The Special Educational Needs and Disability Regulations 2014, which set out local authorities' and schools' responsibilities for education, health and care (EHC) plans, SEN co-ordinators (SENCOs) and the special educational needs (SEN) information report
- The Equality Act 2010 (section 20), which sets out the school's duties to make reasonable adjustments for pupils with disabilities
- The Public Sector Equality Duty (section 149 of the Equality Act 2010), which set out the school's responsibilities to eliminate discrimination, harassment and victimisation; and advance equality of opportunity and foster good relations between people who share a protected characteristic (which includes having a disability) and those who don't share it
- The Governance Handbook, which sets out governors' responsibilities for pupils with SEND
- The School Admissions Code, which sets out the school's obligation to admit all pupils whose education, health and care (EHC) plan names the school, and its duty not to disadvantage unfairly children with a disability or with special educational needs

4. Inclusion and equal opportunities

At St. Faith and St. Martin C.E. Junior School we believe every child should have the opportunity to experience success in learning at the highest possible standard. We do this, within the context of Christian belief and practice, by taking account of pupils' varied life experiences and needs. We offer a broad and balanced curriculum and have high expectations for all children. The achievement, attitude and well-being of every child matters, and inclusion is the responsibility of every person within our school community. We encourage an understanding of the meaning and significance of faith, and promote Christian values through the experience we offer to all our pupils.

All children and young people are entitled to an education that enables them to make progress so that they:

- achieve their best
- become confident individuals living fulfilling lives, and
- make a successful transition into adulthood, whether into employment, further or higher education or training.

Special Educational Needs and Disability Code of Practice, 2015

The school is committed to providing equal opportunities for all, regardless of race, faith, gender or capability in all aspects of school. We promote self and mutual respect and a caring and non-judgmental attitude throughout the school.

5. Definitions

5.1 Special educational needs

A pupil has SEN if they have a learning difficulty or disability that requires special educational provision to be made for them.

They have a **learning difficulty or disability** if they have:

- A significantly greater difficulty in learning than most others of the same age, or
- A disability which prevents or hinders them from making use of facilities of a kind generally provided for others of the same age in mainstream schools

Special educational provision is educational or training provision that is additional to, or different from, that made generally for other children or young people of the same age by mainstream schools.

5.2 Disability

Pupils are considered to have a **disability** if they have a physical or mental impairment that has a substantial and long-term adverse effect on their ability to do normal daily activities.

The school will make reasonable adjustments for pupils with disabilities, so that they are not at a substantial disadvantage compared with their peers.

5.3 The 4 areas of need

The needs of pupils with SEND are grouped into 4 broad areas. Pupils can have needs that cut across more than 1 area, and their needs may change over time.

Interventions will be selected that are appropriate for the pupil's particular area(s) of need, at the relevant time.

AREA OF NEED	
Communication and interaction	Pupils with needs in this area have difficulty communicating with others. They may have difficulty understanding what is being said to them, have trouble expressing themselves, or do not understand or use the social rules of communication. Pupils who are on the autism spectrum often have needs that fall in this category.

AREA OF NEED	
Cognition and learning	Pupils with learning difficulties usually learn at a slower pace than their peers. A wide range of needs are grouped in this area, including: • Specific learning difficulties, which impact 1 or more specific aspects of learning, such as: dyslexia, dyscalculia and dyspraxia • Moderate learning difficulties • Severe learning difficulties • Profound and multiple learning difficulties, which is where pupils are likely to have severe and complex learning difficulties as well as a physical disability or sensory impairment
Social, emotional and mental health	These needs may reflect a wide range of underlying difficulties or disorders. Pupils may have: • Mental health difficulties such as anxiety, depression or an eating disorder • Attention deficit disorder, attention deficit hyperactive disorder or attachment disorder • Suffered adverse childhood experiences These needs can manifest in many ways, for example as challenging, disruptive or disturbing behaviour, or by the pupil becoming withdrawn or isolated.
Sensory and/or physical	Pupils with these needs have a disability that hinders them from accessing the educational facilities generally provided. Pupils may have: • A sensory impairment such as vision impairment, hearing impairment or multi-sensory impairment • A physical impairment These pupils may need ongoing additional support and equipment to access all the opportunities available to their peers.

The school will take into account the views of the parent or carer in any decisions made about the pupil.

6.7 The pupil

Pupils will always be given the opportunity to provide information and express their views about their SEND and the support provided. They will be invited to participate in discussions and decisions about this support. This might involve the pupil:

- Explaining what their strengths and difficulties are
- Contributing to setting targets or outcomes
- Attending review meetings
- Giving feedback on the effectiveness of interventions

The pupil's views will be taken into account in making decisions that affect them, whenever possible.

7. SEN information report

The school publishes a SEN information report on its website, which sets out how this policy is implemented in the school.

The information report will be updated annually and as soon as possible after any changes to the information it contains.

8. Our approach to SEND support

8.1 Identifying pupils with SEND and assessing their needs

Monitoring and assessing the progress of all children is an ongoing process in school and all children are assessed against national curriculum objectives every term. The SEND Code of Practice advises that staff need to be aware of children who are making less than expected progress, that is characterised by progress which:

- Is significantly slower than that of their peers starting from the same baseline;
- Fails to match or better the child's previous rate of progress;
- Fails to close the attainment gap between the child and their peers;
- Widens the attainment gap;

Slow progress and low attainment will not automatically mean a pupil is recorded as having SEN.
Potential short-term causes of impact on behaviour or performance will be considered, such as bereavement. Staff will also take particular care in identifying and assessing SEN for pupils whose first language is not English.
When deciding whether the pupil needs special educational provision, we will start with the desired outcomes, including the expected progress and attainment, and the views and the wishes of the pupil and their parents. We will use this to determine the support that is needed and whether we can provide it by adapting our core offer, or whether something different or additional is needed.

If a pupil is joining the school, and:

- Their previous setting has already identified that they have SEN
- They are known to external agencies
- They have an education, health and care plan (EHCP)

then the school will work in a multi-agency way to make sure we get relevant information before the pupil starts at school, so support can be put in place as early as possible.

8.2 Consulting and involving pupils and parents

The school will put the pupil and their parents at the heart of all decisions made about special educational provision.

Where a child is **ASSESSED** as not making progress despite quality first differentiated teaching, he/she is raised as a concern with the SENCO, through the use of a cause for concern form and discussion, and these concerns are shared with parents.

8.3 The graduated approach to SEN support

Once a pupil has been identified as having SEN, we will take action to remove any barriers to learning, and put effective special educational provision in place. This support will be delivered through successive rounds of a 4-part cycle known as the graduated approach.

1. **Assess**

The pupil's class teacher and the SENCO will carry out a clear analysis of the pupil's needs. The views of the pupil and their parents will be taken into account. The school may also seek advice from external support services.

The assessment will be reviewed regularly to help make sure that the support in place is matched to the pupil's need. For many pupils, the most reliable way to identify needs is to observe the way they respond to an intervention.

2. **Plan**

In consultation with the parents and the pupil, the teacher and the SENCO will decide which adjustments, interventions and support will be put into place, the expected outcomes, and a clear date for review.

All staff who work with the pupil will be made aware of the pupil's needs, the outcomes sought, the support provided and any teaching strategies or approaches that are needed. This information will be recorded on an Individual Education Plan and will be made accessible to staff.

Parents will be fully aware of the planned support and interventions, and may be asked to reinforce or contribute to progress at home.

3. **Do**

The pupil's class or subject teacher retains overall responsibility for their progress.

Where the plan involves group or 1-to-1 teaching away from the main class or subject teacher, they still retain responsibility for the pupil. They will work closely with any teaching assistants or specialist staff involved, to plan and assess the impact of support and interventions and how they can be linked to classroom teaching.

The SENCO will support the teacher in further assessing the pupil's particular strengths and weaknesses, in problem solving and advising on how to implement support effectively.

4. **Review**

The effectiveness of the support and interventions and their impact on the pupil's progress will be reviewed in line with the agreed date.

We will evaluate the impact and quality of the support and interventions. This evaluation will be based on:

- The views of the parents and pupils
- The level of progress the pupil has made towards their outcomes
- The views of teaching staff who work with the pupil

The teacher and the SENCO will revise the outcomes and support in light of the pupil's progress and development, and in consultation with the pupil and their parents.

8.4 Levels of support

School-based SEN provision

Pupils receiving SEN provision will be placed on the school's SEND register. These pupils have needs that can be met by the school through the graduated approach. Where the pupil's needs cannot be adequately met with in-house expertise, staff will consider involving an external specialist as soon as possible.

The provision for these pupils is funded through the school's notional SEND budget.

On the census these pupils will be marked with the code K.

Education, health and care (EHC) plan

Pupils who need more support than is available through the school's school-based SEN provision may be entitled to an EHC plan. The plan is a legal document that describes the needs of the pupil, the provision that will be put in place, and the outcomes sought.

The provision for these pupils will be funded from the school's notional SEND budget, and potentially from the LA (from the high-level needs funding block of the dedicated schools grant).

On the census these pupils will be marked with the code E.

8.5 Evaluating the effectiveness of SEN provision

We evaluate the effectiveness of provision for pupils with SEN by:

- Tracking pupils' progress and attainment levels
- Carrying out the review stage of the graduated approach in every cycle of SEN support
- Using pupil questionnaires
- Monitoring by the SENCO and Senior Leadership Team
- Holding annual reviews for pupils with EHC plans
- Getting feedback from the pupil and their parents

9. Expertise and training of staff

Training will regularly be provided to teaching and support staff. The headteacher and the SENCO will continuously monitor to identify any staff who have specific training needs and will incorporate this into the school's plan for continuous professional development. This includes medical training to meet the needs of children with medical care plans in place.

10. Links with external professional agencies

The school recognises that it won't be able to meet all the needs of every pupil. Whenever necessary the school will work with external support services such as:

- Speech and language therapists

- Specialist teachers or support services
- Educational psychologists
- Occupational therapists or physiotherapists
- General practitioners or paediatricians
- School nurses
- Child and adolescent mental health services (CAMHS)
- Healthy Minds
- The Working Together Team
- Social services

12. Complaints about SEND provision

- The school works, wherever possible, in full partnership with parents and carers to ensure a collaborative approach to meeting pupils' needs.
- However, all complaints are taken seriously and will be heard through the school's complaints procedure.
- In most instances complaints can be resolved at class teacher level. However, if this is not possible, complaints relating to SEN should be addressed to the Senco and/or the Headteacher.
- If the parent or carer is not satisfied with the school's response, they can escalate the complaint. In some circumstances, this right also applies to the pupil themselves.
- To see a full explanation of suitable avenues for complaint, see pages 246 and 247 of the SEN Code of Practice.

13. Links with other policies and documents

This policy links to the following documents:

- SEN information report
- The local offer
- Accessibility plan
- Behaviour policy
- Equality information and objectives
- Supporting pupils with medical conditions policy
- Attendance policy
- Safeguarding policy
- Effective marking and feedback policy
- SFSM Homework policy

14. Monitoring and evaluation arrangements

14.1 Evaluating the effectiveness of the policy

We are constantly looking for ways to improve our SEND policy. We will do this by evaluating whether or not we are meeting our objectives set out in section 1.

We will evaluate how effective our SEND provision is with regards to:

- All staff's awareness of pupils with SEND at the start of the autumn term
- How early pupils are identified as having SEND
- Pupils' progress and attainment once they have been identified as having SEND
- Whether pupils with SEND feel safe, valued and included in the school community
- Comments and feedback from pupils and their parents

14.2 Monitoring the policy

This policy will be reviewed **every year** by the SENCO with support from the Head teacher. It will also be updated when any new legislation, requirements or changes in procedure occur during the year.
It will be approved by the full governing body
